

The Esperanza High School Men's Cross Country Sponsorship Program provides critical funding for expenses not covered by the school district. The Esperanza Men's Cross Country Team would appreciate your support this season. The team has been preparing all summer for a successful season and anticipates reaching our goals in 2014 including finishing well in County and making it to CIF Finals.

High school athletics are increasingly under-funded by the district and therefore your personal and corporate support is very important to the success of our program. To offset expenses related to meets and special events we do participate in fundraising activities, **but the student athletes and your Booster Club are especially reliant on the 2014 sponsorship program.** Sponsorships of any amount will be greatly appreciated and below are several programs we hope you'll consider either for your own business or the company you work for.
